

## COST Action C23

### **Strategies for a Low Carbon Built Environment**

### **MC Meeting No. 8 and WG Meeting**

**3-4 December 2007**

**Madrid, Spain**

Thierry Goger - Science Officer

## COST-TUD Open Call

- Last Open Call (March 2007): 2 new Actions
  - TU 0701: Improving the Quality of Suburban Building Stocks
  - TU 0702: Real-time monitoring, surveillance and control of road networks under adverse weather conditions
- 3rd Open Call (Autumn 2007)
  - Collection date: 30 September 2007
  - 500 pre-proposals received
  - 29 proposals for Domain TUD

## COST Grant System

- The implementation of the COST Grant System has been delayed due to IT technicalities. COST OFFICE is seeking to launch the implementation by spring 2008. After a period of tests, all Actions ending after December 2008 will have to migrate to the COST Grant System.
- The SO has already started to prepare the migration gathering the requested documents (name of the Grant holder, work & budget plan until 2008) for all running and starting Actions.
- *The SO will keep the MC inform as soon as he gets more information.*

## COST C23 Status of Action

- Action details
